Introduction

CHRISTUS Health has a long history of caring for those in need. In keeping with our mission to extend the healing of Jesus Christ, we invest in long-term, transformative and sustainable strategies that respond to the expressed needs of our communities.

The **CHRISTUS Community Impact Fund**, the grant-making arm of CHRISTUS Health, was launched in January 2011 with the purpose of supporting initiatives led by non-profit community agencies, collaborative or coalitions that advance the health and well-being of our communities and that build resilient communities and improve social determinants that affect overall health.

The Opportunity

Through this Call for Letters of Intent (LOI), CHRISTUS Health invites your organization or collaborative to apply and use upstream approaches to address our Ministry's chosen priority topics within one of two domains:

Advance Health & Wellbeing: Health education, prevention and wellness programs or initiatives that address community needs and opportunities that are aligned with a CHRISTUS Health Ministry's Community Health Needs Assessment or Community Health Implementation Plan priority area or a System-Wide priority initiative.

a) Chronic Conditions

- Heart Disease
- Diabetes
- Obesity
- Cancer

b) Mental Health & Wellbeing

- Mental Health
- Substance Use Disorder

Build Resilient Communities & Improve Social Determinants: Programs or initiatives that foster collective partnerships between non-profit organizations and social services to address critical social determinants of health within our communities. Areas of focus can include:

a) Healthy Food Access

b) Reducing Smoking and/or Vaping

c) Safe Housing

d) Education

e) Environmental

Stewardship*

*Additional Information about Environmental Stewardship**

Please note that programs associated to Environmental Stewardship should address environmental pollutants that adversely impact the physical and mental health of the under resourced and vulnerable communities that we serve, and improve the social determinants of health. The programs must align with advocacy, awareness and research related to environmental stewardship.

Examples of Environmental Stewardship:

- Advocacy for climate change, energy efficiency and waste management.
- Awareness and education of how pollutants can cause cancer, asthma, and any other health related conditions.
- Research and testing of air quality, lead levels, etc.
- Conservation of air, water and energy.
- Creation of community gardens to eliminate food deserts and develop food sustainability.

Award Information

Award Information

Organizations, collaboratives or coalitions can apply for a maximum of \$100,000 for 1 program.

Guiding Principles

Proposed solutions should align with the following guiding principles:

- Must be consistent with CHRISTUS Health's values, support its mission and the teachings of the Catholic Church;
- Focus on evidence-based, age-appropriate interventions;
- Emphasize wellness and/or prevention;
- Increase the capacity of persons and groups to become self-sufficient;
- Increase collaboration with existing community initiatives;
- Develop systems and processes and/or leverage best practices to attract outside funding;
- Produce tangible, measurable outcomes.

CHRISTUS Health Core Values

As the grant-making arm of CHRISTUS Health, the CHRISTUS Community Impact Fund is guided by CHRISTUS Health's Core Values of:

- **Dignity** | Respect for the worth of every person, recognition and commitment to the value of diverse individuals and perspectives, and special concern for the poor and underserved.
- **Integrity** | Honesty, justice, and consistency in all relationships.
- **Excellence** | High standards of service and performance.
- **Compassion** | Service in a spirit of empathy, love, and concern.
- **Stewardship** | Wise and just use of talents and resources in a collaborative manner.

Letter of Intent

What is a Letter of Intent?

A Letter of Intent allows the CHRISTUS Fund to quickly assess if there is a match between the CHRISTUS Community Impact Fund priorities and the project. If we determine the project to be a good match, we will send an invitation to apply for the grant.

Why are we requesting a Letter of Intent?

The CHRISTUS Community Impact Fund recognizes that improving the overall health and wellbeing of our communities is a collaborative effort. We are requesting Letters of Intent to learn of the various programs happening in the community and to identify different ways CHRISTUS Health can partner with community organizations, whether it be through funding, volunteers, or knowledge sharing.

Letter of Intent

In 500 words or less, share with us your quick pitch.

- How will your program address the prioritized health need?
- Who is the population that your program will serve?
- What is your program's process from beginning to end?
- How will you evaluate the impact of your program?

Additional Documents

- Proof of 501(c)3, non-profit status
- Organizational Background (150 words)
- List of Board Members (w/ Diversity Information)
- Audited Financial Statements within the past 5 years

Submissions & Questions

Submissions

All applications must be submitted through
<https://christusfund.communityforce.com/Login.aspx>

Late submissions will not be accepted. Collaborative organizations or coalitions must designate a lead organization or fiscal agent to submit the application on their behalf.
