

VISITING HOURS During COVID-19

Caregiver hours: 8:00 a.m. – 8:00 p.m.

ICU hours: 9:00 a.m. – 1:00 p.m., 3:00 pm – 8:00 pm

As we are still in a pandemic that increases the risk for infection for support persons/caregivers, patients, and our team members, we have restrictions in place to help create a safer environment and reduce the risk of infection.

- We are limited to two caregiver/support persons allowed in the room at the same time, with a total of four for the day.
- Caregiver hours are 8am-8pm for nursing floors [exceptions for ICU (8:00am-1:00pm & 3:00pm-8:00pm), pediatric (children) patients, labor & delivery, ER, and end of life].
- Wear a mask at all times while in the hospital and near hospital entrances. You can only remove the mask to eat or drink while in designated areas (patient room and cafeteria). If both you and the patient are fully vaccinated, you may remove your mask when alone in the patient's room. Please replace your mask every time one of our staff members enters the room. In the ICU masks are required at all times.
- Utilize hand gel or wash hands before entering and leaving your loved one's room.
- Entering/exiting the hospital is limited to twice during the day (fewer trips reduces outside exposure to illness).
- If you are unable to follow these restrictions you may be asked to leave the facility.

Given changing requirements during the pandemic, call 505.913.3900 for up-to-date restrictions and safeguards.

THANK YOU FOR YOUR PATIENCE AND UNDERSTANDING
