

## **CHRISTUS St. Vincent Cancer Symposium**

Presented by CHRISTUS St. Vincent Regional Cancer Center

## **AGENDA**

EREAKFAST 7.45am Introduction 8.00am Pancreas Cancer Early Detection with AI and Imaging 8.30am Pancreas Cancer Early Detection with Biomarkers 8.00am Advanced Endoscopic Detection for Pancreas Cancer 9.30am Q&A: Pancreas Cancer 9.45am BREAK 10.00am Minimal Residual Disease in Cancer: Who and When to Measure CT-DNA 10.30am Precision Guided Cancer Trials in GI Cancers 11.00am Integrative Medicine 11.30am Q&A: Cancer 11.45am LUNCH AND PRODUCT THEATRE 12.00pm Multi-Cancer Early Detection 13.30pm Taking Care of the Patient with a Genetic Cancer Syndrome 12.00pm Undiagnosed Mass Program 12.30pm Q&A Cancer Genomics 12.45pm BREAK 13.00pm Chemoprevention for Moderate and High Risk of Breast Cancer 13.30pm Breast Cancer Care in Norther NM and High Risk Screening 14.00pm Proton and Carbon Ion Therapy: The New Kids on the Block for Radiation	TINAT	TORIO
Pancreas Cancer Early Detection with AI and Imaging  3:30am Pancreas Cancer Early Detection with Biomarkers  3:30am Pancreas Cancer Early Detection with Biomarkers  3:30am Advanced Endoscopic Detection for Pancreas Cancer  3:30am Q&A: Pancreas Cancer  3:30am BREAK  10:00am Minimal Residual Disease in Cancer: Who and When to Measure CT-DNA  10:30am Precision Guided Cancer Trials in GI Cancers  11:00am Integrative Medicine  11:30am Q&A: Cancer  11:45am LUNCH AND PRODUCT THEATRE  11:00pm Multi-Cancer Early Detection  11:30pm Taking Care of the Patient with a Genetic Cancer Syndrome  11:30pm Q&A Cancer Genomics  12:30pm Q&A Cancer Genomics  13:30pm Ghenoprevention for Moderate and High Risk of Breast Cancer  13:30pm Breast Cancer Care in Norther NM and High Risk Screening  14:00pm Proton and Carbon Ion Therapy: The New Kids on the Block for Radiation	TIME	TOPIC
Pancreas Cancer Early Detection with AI and Imaging 3:30am Pancreas Cancer Early Detection with Biomarkers 3:30am Advanced Endoscopic Detection for Pancreas Cancer 3:30am Q&A: Pancreas Cancer 3:45am BREAK 10:00am Minimal Residual Disease in Cancer: Who and When to Measure CT-DNA 10:30am Precision Guided Cancer Trials in GI Cancers 11:00am Integrative Medicine 11:30am Q&A: Cancer 11:45am LUNCH AND PRODUCT THEATRE 11:00pm Multi-Cancer Early Detection 11:30pm Taking Care of the Patient with a Genetic Cancer Syndrome 12:00pm Undiagnosed Mass Program 12:30pm Q&A Cancer Genomics 12:45pm BREAK 13:00pm Chemoprevention for Moderate and High Risk of Breast Cancer 13:30pm Breast Cancer Care in Norther NM and High Risk Screening 14:00pm Proton and Carbon Ion Therapy: The New Kids on the Block for Radiation	7:00am	BREAKFAST
Advanced Early Detection with Biomarkers 2:00am Advanced Endoscopic Detection for Pancreas Cancer 2:30am Q&A: Pancreas Cancer 2:45am BREAK 10:00am Minimal Residual Disease in Cancer: Who and When to Measure CT-DNA 10:30am Precision Guided Cancer Trials in GI Cancers 11:00am Integrative Medicine 11:30am Q&A: Cancer 11:45am LUNCH AND PRODUCT THEATRE 11:00pm Multi-Cancer Early Detection 11:30pm Taking Care of the Patient with a Genetic Cancer Syndrome 12:00pm Undiagnosed Mass Program 12:30pm Q&A Cancer Genomics 12:45pm BREAK 13:00pm Chemoprevention for Moderate and High Risk of Breast Cancer 13:30pm Breast Cancer Care in Norther NM and High Risk Screening 14:00pm Proton and Carbon Ion Therapy: The New Kids on the Block for Radiation	7:45am	Introduction
Advanced Endoscopic Detection for Pancreas Cancer  9:30am Q&A: Pancreas Cancer  9:45am BREAK  10:00am Minimal Residual Disease in Cancer: Who and When to Measure CT-DNA  10:30am Precision Guided Cancer Trials in GI Cancers  11:00am Integrative Medicine  11:30am Q&A: Cancer  11:45am LUNCH AND PRODUCT THEATRE  11:00pm Multi-Cancer Early Detection  11:30pm Taking Care of the Patient with a Genetic Cancer Syndrome  11:30pm Q&A Cancer Genomics  12:30pm Q&A Cancer Genomics  13:30pm BREAK  15:00pm BREAK  16:00pm Breast Cancer Care in Norther NM and High Risk of Breast Cancer  16:30pm Breast Cancer Care in Norther NM and High Risk Screening  16:00pm Proton and Carbon Ion Therapy: The New Kids on the Block for Radiation	8:00am	Pancreas Cancer Early Detection with AI and Imaging
2.30am Q&A: Pancreas Cancer  BREAK  10:00am Minimal Residual Disease in Cancer: Who and When to Measure CT-DNA  10:30am Precision Guided Cancer Trials in GI Cancers  11:00am Integrative Medicine  11:30am Q&A: Cancer  11:45am LUNCH AND PRODUCT THEATRE  11:00pm Multi-Cancer Early Detection  11:30pm Taking Care of the Patient with a Genetic Cancer Syndrome  12:00pm Undiagnosed Mass Program  12:30pm Q&A Cancer Genomics  12:45pm BREAK  13:00pm Chemoprevention for Moderate and High Risk of Breast Cancer  13:30pm Breast Cancer Care in Norther NM and High Risk Screening  14:00pm Proton and Carbon Ion Therapy: The New Kids on the Block for Radiation	8:30am	Pancreas Cancer Early Detection with Biomarkers
BREAK  10:00am Minimal Residual Disease in Cancer: Who and When to Measure CT-DNA  10:30am Precision Guided Cancer Trials in GI Cancers  11:00am Integrative Medicine  11:30am Q&A: Cancer  11:45am LUNCH AND PRODUCT THEATRE  11:00pm Multi-Cancer Early Detection  11:30pm Taking Care of the Patient with a Genetic Cancer Syndrome  11:00pm Undiagnosed Mass Program  11:30pm Q&A Cancer Genomics  11:30pm BREAK  11:00pm BREAK  11:00pm Breast Cancer Care in Norther NM and High Risk Screening  11:00pm Breat Cancer Care in Norther NM and High Risk Screening  11:00pm Breat Cancer Care in Norther NEW Kids on the Block for Radiation	9:00am	Advanced Endoscopic Detection for Pancreas Cancer
Minimal Residual Disease in Cancer: Who and When to Measure CT-DNA 10:30am Precision Guided Cancer Trials in GI Cancers 11:00am Integrative Medicine 11:30am Q&A: Cancer 11:45am LUNCH AND PRODUCT THEATRE 11:00pm Multi-Cancer Early Detection 11:30pm Taking Care of the Patient with a Genetic Cancer Syndrome 11:30pm Undiagnosed Mass Program 11:30pm Q&A Cancer Genomics 11:30pm BREAK 11:30pm BREAK 11:30pm Breast Cancer Care in Norther NM and High Risk Screening 11:30pm Proton and Carbon Ion Therapy: The New Kids on the Block for Radiation	9:30am	Q&A: Pancreas Cancer
10:30am Precision Guided Cancer Trials in GI Cancers 11:00am Integrative Medicine 11:30am Q&A: Cancer 11:45am LUNCH AND PRODUCT THEATRE 11:00pm Multi-Cancer Early Detection 11:30pm Taking Care of the Patient with a Genetic Cancer Syndrome 11:00pm Undiagnosed Mass Program 11:30pm Q&A Cancer Genomics 11:45am Undiagnosed Mass Program 11:45am Undiagnosed Mass Progr	9:45am	BREAK
Integrative Medicine  Q&A: Cancer  LUNCH AND PRODUCT THEATRE  LOOpm Multi-Cancer Early Detection  Taking Care of the Patient with a Genetic Cancer Syndrome  Undiagnosed Mass Program  Q&A Cancer Genomics  REAK  Chemoprevention for Moderate and High Risk of Breast Cancer  Breast Cancer Care in Norther NM and High Risk Screening  Proton and Carbon Ion Therapy: The New Kids on the Block for Radiation	10:00am	Minimal Residual Disease in Cancer: Who and When to Measure CT-DNA
L1:30am Q&A: Cancer L1:45am LUNCH AND PRODUCT THEATRE L:00pm Multi-Cancer Early Detection L:30pm Taking Care of the Patient with a Genetic Cancer Syndrome L:00pm Undiagnosed Mass Program L:30pm Q&A Cancer Genomics L:30pm Q&A Cancer Genomics L:30pm BREAK L:00pm BREAK L:00pm Breast Cancer Care in Norther NM and High Risk of Breast Cancer L:00pm Breast Cancer Care in Norther NM and High Risk Screening L:00pm Proton and Carbon Ion Therapy: The New Kids on the Block for Radiation	10:30am	Precision Guided Cancer Trials in GI Cancers
LUNCH AND PRODUCT THEATRE  L:00pm Multi-Cancer Early Detection  L:30pm Taking Care of the Patient with a Genetic Cancer Syndrome  Undiagnosed Mass Program  Undiagnosed Mass Program  Q&A Cancer Genomics  BREAK  Chemoprevention for Moderate and High Risk of Breast Cancer  Breast Cancer Care in Norther NM and High Risk Screening  Proton and Carbon Ion Therapy: The New Kids on the Block for Radiation	11:00am	Integrative Medicine
H:00pm Multi-Cancer Early Detection  Taking Care of the Patient with a Genetic Cancer Syndrome  Undiagnosed Mass Program  Q&A Cancer Genomics  BREAK  Chemoprevention for Moderate and High Risk of Breast Cancer  Breast Cancer Care in Norther NM and High Risk Screening  Proton and Carbon Ion Therapy: The New Kids on the Block for Radiation	11:30am	Q&A: Cancer
Taking Care of the Patient with a Genetic Cancer Syndrome  Undiagnosed Mass Program  Q&A Cancer Genomics  BREAK  Chemoprevention for Moderate and High Risk of Breast Cancer  Breast Cancer Care in Norther NM and High Risk Screening  Proton and Carbon Ion Therapy: The New Kids on the Block for Radiation	11:45am	LUNCH AND PRODUCT THEATRE
2:00pm Undiagnosed Mass Program  Q&A Cancer Genomics  BREAK  Chemoprevention for Moderate and High Risk of Breast Cancer  Breast Cancer Care in Norther NM and High Risk Screening  Proton and Carbon Ion Therapy: The New Kids on the Block for Radiation	1:00pm	Multi-Cancer Early Detection
2:30pm Q&A Cancer Genomics  BREAK  3:00pm Chemoprevention for Moderate and High Risk of Breast Cancer  Breast Cancer Care in Norther NM and High Risk Screening  Proton and Carbon Ion Therapy: The New Kids on the Block for Radiation	1:30pm	Taking Care of the Patient with a Genetic Cancer Syndrome
BREAK  3:00pm Chemoprevention for Moderate and High Risk of Breast Cancer  3:30pm Breast Cancer Care in Norther NM and High Risk Screening  4:00pm Proton and Carbon Ion Therapy: The New Kids on the Block for Radiation	2:00pm	Undiagnosed Mass Program
Chemoprevention for Moderate and High Risk of Breast Cancer  Breast Cancer Care in Norther NM and High Risk Screening  Proton and Carbon Ion Therapy: The New Kids on the Block for Radiation	2:30pm	Q&A Cancer Genomics
3:30pm Breast Cancer Care in Norther NM and High Risk Screening 4:00pm Proton and Carbon Ion Therapy: The New Kids on the Block for Radiation	2:45pm	BREAK
4:00pm Proton and Carbon Ion Therapy: The New Kids on the Block for Radiation	3:00pm	Chemoprevention for Moderate and High Risk of Breast Cancer
	3:30pm	Breast Cancer Care in Norther NM and High Risk Screening
4:30pm Q&A	4:00pm	Proton and Carbon Ion Therapy: The New Kids on the Block for Radiation
	4:30pm	Q&A
4:45pm Wrap-Up	4:45pm	Wrap-Up
5:00pm - 7:00pm HORS D' OEUVRES & COCKTAILS	5:00pm - 7:00pm	HORS D' OEUVRES & COCKTAILS
