CHRISTUS MEDICAL GROUP (CMG) is a faith-based physician employment and practice management organization employing family practice, pediatric, obstetrical and gynecological physicians, specialists and other licensed health care providers. CMG was established in 1994, and operates clinics in Louisiana and Texas.

As a wholly-owned subsidiary of CHRISTUS Health, CMG has a deep-rooted mission of extending the healing ministry of Jesus Christ. CMG’s clinics focus on delivering excellent health care in a service-focused, compassionate environment.

CMG clinics and services include:

- Primary Care
- Pediatric Care
- Obstetrical/Gynecological Services
- Medical and Surgical Specialists
- Rural Health Centers
- Clinics for the Underserved for Community Outreach
- Academic Medicine
- Retail Medicine
- Occupational Medicine

The foundation of CMG’s care is primary care and family medicine, which provides continuing and comprehensive health care for patients of all ages from infants to the elderly, for all medical conditions including management of diseases such as diabetes, high blood pressure and chronic health problems.

CMG plays a key role in CHRISTUS Health’s delivery network to carry out the mission of providing health care to all of its community members. CMG clinics are the access point to primary care health services, and in many areas, assure that the CHRISTUS vision of creating healthy communities is fulfilled.

CHRISTUS Medical Group, a part of the CHRISTUS Health system, continues our journey to excellence that began ten years ago by improving the health of the communities we serve. The CHRISTUS Medical Group works closely with the communities to ensure identified needs are incorporated in the community-owned plan as well as the CHRISTUS Health system’s strategic plan.

We actively fulfill our mission of extending the healing ministry of Jesus Christ by supporting a broad array of community-based services and programs that facilitates access to care with special attention given to the health status of the low income, uninsured and underinsured populations. This report of community benefit is only a snapshot of the support and value provided to the communities we serve.

CHRISTUS Medical Group follows the Catholic Health Association (CHA) and State of Texas guidelines for reporting community benefit.

Charity Care is defined as the unpaid cost of medical services provided to the uninsured and underinsured, including Medicaid. During fiscal year 2009, CHRISTUS Health Medical Group provided more than $4.7 million in Charity Care, which is 32.6 percent of the region’s net patient revenue. Of this amount, Unpaid Government Indigent Care for the underserved, predominately Medicaid, comprises more than $4.1 million of unpaid costs for fiscal year 2009, which is 28.8 percent of net patient revenue. CHRISTUS Health Medical Group also contributed more than $225,626 in Community Services to the Medical Group community in fiscal year 2009. Thus, CHRISTUS Health Medical Group provided $4.9 million in total community benefit, which is 34.2 percent of net patient revenue earned in fiscal year 2009. This equates to more than $13,500 a day in community benefit. CHRISTUS Health Medical Group reinvests all profits we earn back into the community through expanded health services, new technologies and better facilities.

In addition, cost of Unpaid Government Sponsored Programs, mostly Medicare is reported to the state of Texas following the state’s Community Benefit reporting requirements. This year, that amount for CHRISTUS Health Medical Group was more than $5.2 million, or 36.2 percent of the region’s net patient revenue. In accordance with CHA Guidelines, CHRISTUS Health Medical Group does not include this amount in reports of community benefit provided to other agencies.
