The Women’s Council

Many women do noble things, but you surpass them all.
-Proverbs 31:29

Our Mission
To encourage women to strengthen and invest in our community by promoting programs and services that positively impact women and children throughout Hays County.

Our Vision
The Women’s Council of CTMC is a diverse group of women committed to making philanthropy accessible in Hays County by empowering women as both donors and decision makers.

Our Purpose
All women can be philanthropists, engaging in giving, leadership and decision-making. Women share a common focus on critical issues including combating poverty and violence and improving access to healthcare and education.

Women infuse long-term financial investments into innovative and effective solutions to age-old problems and their shared vision of achieving long-term, sustainable social change.

The Women’s Council is affiliated with the CTMC Foundation in focusing on local, worthy causes selected by our members. The concept is simple. Combined annual donations from members are pooled to support non-profit health programs and services for women and children who reside in Hays County. Members are required to be female and to donate $250 each year. Level of engagement is determined by individual members.

One hundred percent of each member’s donation goes to support women and children. Fifty percent of the annual donations will fund programs and services for Central Texas Medical Center’s new Women’s Center. Fifty percent will be distributed through a granting process where each member has an equal voice in choosing recipients of grants.

About the CTMC Foundation
The Central Texas Medical Center Foundation was established in 1982. The foundation is a not-for-profit, tax-exempt 501c3 organization whose purpose is to help raise philanthropic funds for improving programs and services at Central Texas Medical Center.

Since 1982, Central Texas Medical Center Foundation has worked hard to ensure that our hospital has the resources necessary to deliver high quality health care. To date, the Foundation has raised $5.7 million for advanced medical equipment, building projects, renovations and service enhancement.

Our success would not be possible without the generous support of our donors. Through gifts, bequests, endowments and capital campaigns, our donors are key partners in the development of CTMC’s health ministry.

To show appreciation to specific donors, the foundation maintains a Lifetime of Giving wall, which recognizes those businesses, and individuals who have given a cumulative gift of $1000.00 or more since 1991 to benefit CTMC.

At Central Texas Medical Center
**Special Additions**

Discounted pricing plan for families without medical insurance

The birth of your child is one of the most miraculous moments your family will ever experience. Our new Women’s Center has been designed with you and your family in mind.

From the spacious and tranquil family waiting room to our home-like labor and delivery rooms to the room in which you and your new baby will stay until you discharge, all of our amenities, furnishings and patient services have been designed to create a peaceful, healing atmosphere managed by highly-skilled, compassionate staff.

We are pleased to inform you that if you are expecting a baby and don’t have health insurance, you may qualify for a financial discount for services you and your baby need during your stay at CTMC.

Through our Special Additions program, we are able to offer you a discounted rate if payment in full is made by the time of discharge. More details and contact information are listed below.

**Special Additions Pricing Details:**

This plan is designed for a normal, uncomplicated delivery at CTMC and for the routine care and attention you and your baby will receive while hospitalized. These discounted prices are not offered to families with health insurance coverage. Any special amenities or accommodations may be subject to additional fees.

Please note: There may also be other charges depending on your length of stay or other services you may request. If your baby needs a higher level of care, such as NICU services, additional financial arrangements can be made. In addition, the pricing does not include physician fees (anesthesiologist, radiologist, neonatologist, or pediatrician).

**Special Additions Pricing:**

- **Vaginal Delivery** ........................................... $3,000
- **More than 2-day stay** ................................. $750 per day*
- **Tubal Ligation** ........................................... $1,200
- **Cesarean Section** ........................................ $4,300
- **More than 3-day stay** ................................. $750 per day*

*A day is defined as staying past midnight. The daily rate is limited to a max of 5 days. For stays past 5 days, additional financial arrangements can be made.

You may pay your package rate in either one lump sum or on a payment plan as long as the total is paid in full by the time of your discharge. **If not paid by discharge, the special rate no longer applies.**

Payments may be made by cash, check, or MasterCard/Visa. If your baby must remain in our care longer than you are here, then those fees are due at the time of the baby’s discharge. If you pre-pay for a vaginal delivery and require a Cesarean section, you will be asked to pay the difference (noted above) prior to your discharge.

**The CTMC Institute for Healthy Living**

**Create Your Own Better Health**

Our Institute for Health Living was created for the purpose of providing information, education, health screenings and events that emphasize a healthy lifestyle. We have a number of programs for expectant and new mothers, healthy cooking and eating, weight management and more.

For more information about any of our programming, including dates, times, fees or to register, stop by the Institute’s Community Resource Center in the Main Lobby of CTMC, visit [www.ctmc.org](http://www.ctmc.org) and click on “Education and Events,” or call 512-753-3622.
