CHRISTUS SPOHN HEALTH SYSTEM

Physician Sponsored Health Professional

POSITION DESCRIPTION

◆ **Title:** Non-Physician First Assistant in the O.R.

◆ **Description:**

1. The first assistant will act as first assistant to the attending physician during those surgical procedures requiring an assistant.
 2. The first assistant will at all times act under the direct supervision of the attending physician, performing only those functions specifically stated in a manner consistent with his/her training.
 3. **In cases of extreme emergency when the attending is unable to complete the surgical procedure, the first assistant will maintain hemostasis until another surgeon arrives.**
-

◆ **Qualifications:**

Minimum two years surgical experience. Demonstrated competencies for specialties requiring first assistant. Demonstrated professional accountability, work attendance, performance appraisal, attendance at educational offerings, etc. CPR- (American Heart Association) Healthcare Provider certification.

◆ **Training:**

Successful completion of a first assistant training course to include didactic content and on-the-job training by surgical staff. They are expected to achieve the required certifications of their specialty organizations.

There are three areas of special training required for anyone to function as a first assistant. **First**, surgical patient care, which would provide a background to evaluate diagnostic results, positioning principles, surgical hazards and emergencies, cardiopulmonary resuscitation, legal aspects of surgery, surgical equipment, types and usage of supplies, and surgical pharmacology. **Second**, surgical anatomy and physiology, body systems, surgical pathology, tissue assessment and surgical principles of wound healing. **Third**, surgical skills, instrumentation, principles of tissue handling, hemostasis, retraction and visualization, ligation, suturing, and insertion, placement and securing of drains.

Training continued:

A requirement for anyone applying as a non-physician first assistant would be the basic credential that reflects preparation, both didactic and practice. The non-physicians may include Physician Assistants (PA's), Registered Nurse's (RN's) and Surgical Technologists. RN's who first assist should not also serve as a scrub nurse or circulating nurse.

◆ **Certification:**

(Certification assures the public that a practitioner has mastered a specialized domain of knowledge necessary for the function at a level beyond that of general practitioner). There are several certification options for non-physician first assistants. Surgical assistant certification requires graduation from an accredited SA program and passage of the general exam plus the surgery exam. In addition, **RN's** have a certification for **CRNFA's** through the certification in perioperative nursing (**CNOR**) granted through the National Certification Board: Perioperative Nursing Inc., Competency & Credentialing Institute or through the National Institute of First Assisting (**NIFA**) as a **RNFA**.

Surgical Technologists have a certification for Certified Surgical Technologist/ First Assistant (**CST/CFA**) through the Liaison Council on Certification for the Surgical Technologist - National Board of Surgical Technology and Surgical Assisting, American Board of Surgical Assistants or (**CSA**) through Texas Medical Board, National Surgical Assistant Association, or American Board of Surgical Assistants.

◆ **Responsibilities:**

A. Applies theoretical knowledge of asepsis wound healing, infectious disease process, surgical anatomy and physiology, safety issues and operative techniques for surgical procedures on which he/she assists.

B. Demonstrates the following skills:

- Provides principles of aseptic technique
- Sutures
- Preparation of surgical site
- Draping
- Retracting
- Suctioning
- Hemostasis
- Dressing application
- Manual dexterity
- Knowledge of procedure
Anatomy
- Ability to follow directions
- Anticipates needs of surgeon/procedure

C. Seeks out opportunities for continuing education.

TERMS FOR ACCESS TO AND USE OF CHRISTUS HEALTH INFORMATION AND INFORMATION SYSTEMS

I. Confidentiality and Information Access.

- A. I understand that CHRISTUS Health Information is an important asset of CHRISTUS Health and that I have an obligation to protect it from misuse or unauthorized disclosure.
- B. I shall handle CHRISTUS Health Information and utilize the documents, images, equipment software, etc. which allows me to access such Information only as needed to perform my responsibilities as a CHRISTUS Health Affiliate consistent with HIPAA Privacy and Security guidelines and procedures. This means, among other things, that:
 1. I understand that any information to which I may have access relating to such things as a patient's stay, diagnosis, financial situation, or medical record and any information relating to an Associate, such as salary, performance review, or disciplinary action is confidential and protected under the law and applicable regulation;
 2. I will only access CHRISTUS Health Information for which I have a legitimate need to know; and I will not in any way use, divulge, copy, release, sell, loan, review, alter or destroy any Confidential Information except as duly authorized and within the scope of my responsibilities at CHRISTUS Health; and
 3. I will not misuse or carelessly handle CHRISTUS Health Information. This includes information obtained through daily activities, documents, computer systems and any other information I encounter during my affiliation. Should CHRISTUS Health Information be accidentally revealed as a result of my action or inaction, I will take immediate steps with the management of CHRISTUS Health to mitigate the disclosure.
- C. I will report to CHRISTUS Health Management, any activities by any individual or entity that I suspect may compromise the confidentiality of or constitute misuse of CHRISTUS Health Information. The identity of the person making a report made in good faith about suspect activities will be held in confidence to the extent permitted by law, including the name of the person making the report.
- D. I will safeguard and will not disclose my facility security or computer security access code(s), sign-on ID(s) or password(s) or any other authorization I have that allows me to access and use CHRISTUS Health Information. I will also update my security access code(s) on a regular basis, as required by CHRISTUS Health guidelines and procedures. Should my access code(s) be accidentally revealed, I will take immediate steps to request a new one or have my password(s) reset.
- E. I understand that I have no right or ownership interest in any CHRISTUS Health Information. CHRISTUS Health may at any time revoke my access code(s) or sign-on ID(s), other authorization or access to CHRISTUS Health Information.
- F. I will attend training programs provided by or on behalf of CHRISTUS Health relating to policies and procedures for the handling of CHRISTUS Health Information related to my function, and will sign statements certifying my attendance to such training.

CONFIDENTIALITY AND COMPUTER RESOURCES AGREEMENT FOR HEALTH CARE PARTNERS

If granted access to CHRISTUS Health Information Systems, I agree to the following sections:

II. Information System Use.

- A. I accept responsibility for all activities undertaken using my access code or other authorization and understand that I am directly responsible for the accuracy and completeness of data entries that are made into any computerized record under my security access code.
- B. I understand that an information system may electronically assign my name to data entry sessions through my security access code. Therefore, I understand the importance of logging off after I have completed each data entry session and not allowing someone else to use my security access code.
- C. I will not demonstrate the operation of any CHRISTUS Health Information System to anyone without appropriate authorization. I understand that I must establish and maintain my competence in accordance with organizational guidelines in order to retain my access rights.
- D. I will not disclose information about CHRISTUS Health Information Systems to unauthorized individuals. I understand this includes, but is not limited to the design, programming techniques, flow charts, source code, screens, and documentation of systems.

Distribution of electronic chain mail, disseminating pornography, violence, racial or gender slurs, or other inappropriate or other offensive language or information is prohibited.
- C. I will make every possible effort to protect the privacy and confidentiality of E-mail. I understand that standard E-mail messages are an insecure method of data transmission and should not be utilized to transmit confidential or individually identifiable health information without appropriate safeguards and technical controls to secure the transmission.
- D. I understand that E-mail messages may be monitored by CHRISTUS Health and that management has a right to review these communications.
- E. CHRISTUS Health may monitor, filter or block Internet E-mail activity occurring on CHRISTUS Health equipment or CHRISTUS Health Information Systems to ensure compliance with applicable laws, management directives, or guidelines.
- F. I understand that E-mail messages may be characterized as legal documents that may be used as such in legal proceedings.

CONFIDENTIALITY AND COMPUTER RESOURCES AGREEMENT FOR HEALTH CARE PARTNERS

IV. **Internet Use Agreement.** If I have Internet Use through CHRISTUS Health, I understand the failure of CHRISTUS Health to prevent unauthorized use of the Internet does not relieve an individual of the responsibility for obtaining authorization prior to his or her use of the Internet. These terms apply to all CHRISTUS Health's Health Care Partners and their personnel and agents who are granted Internet access by CHRISTUS Health Information Management. If I have been granted such access to the CHRISTUS Internet System, I understand that:

- A. CHRISTUS Health may monitor, filter or block Internet activity occurring on CHRISTUS Health equipment or CHRISTUS Health Information System to ensure compliance with applicable laws, management directives, or guidelines. If CHRISTUS Health discovers or suspects activities that are not in compliance, records may be retrieved and used to document wrongful use. Violations may result in a revocation of Internet access privileges and/or legal action by CHRISTUS Health.
- B. CHRISTUS Health assumes no liability for any direct or indirect damages arising from the user's connection to or use of the Internet. CHRISTUS Health is not responsible for the accuracy of information found on the Internet and only facilitates the access and dissemination of information through its systems. Users are solely responsible for any material they access or disseminate through the Internet.
- C. CHRISTUS Health assumes no liability for copyright infringement resulting from the user's receipt or dissemination of works through the Internet. It shall be the user's responsibility to ascertain and respect the copyright status of any work viewed, downloaded, uploaded or otherwise accessed through the Internet.
- D. I must make every effort to protect the privacy and confidentiality of any information posted to the Internet within business to business transactions. Internet data transmissions of individually identifiable health information must be performed with appropriate safeguards and technical controls to secure the transmission.
- E. Subscribers to electronic mailing lists are responsible for determining the purpose of the list before subscribing. Persons subscribing to an electronic mailing list will be viewed as having solicited materials delivered by the list.
- F. Persons sending materials to national E-mail networks or posting material to the Internet using CHRISTUS Health Information Systems should state that such material represents personal opinion and does not necessarily represent policies or opinions of CHRISTUS Health.
- G. The following activities involving the use of the Internet are strictly prohibited
 - 1. Use of the Internet (including Internet E-mail) in a manner inconsistent with the beliefs and values of CHRISTUS Health. This includes the access or dissemination of pornography, violence, racial or gender slurs, or other inappropriate information.
 - 2. Communicating information concerning any password, identifying code, personal identification number, or other confidential information (patient, Associate, business, or otherwise) without the permission of its owner or the controlling authority to which it belongs.
